

2020

SUMMER INTERNSHIP PROGRAM

AVAILABLE SUMMER INTERNSHIPS

ARCHITECTURE

- Sacramento
- Oakland
- Newport Beach
- Hawaii

STRUCTURAL ENGINEERING

- Sacramento
- Newport Beach

INTERIOR DESIGN

- Sacramento
- Newport Beach

SUSTAINABILITY

- Sacramento

DESIGN TECHNOLOGY

- Sacramento

REQUIRED WITH APPLICATIONS:

- Resume
- A letter of recommendation from a professor or employer in your field of study
- Digital Portfolio (Architecture Only)

Each summer Lionakis welcomes a new group of future architects, engineers and interior designers into our EP Summer Internship Program. While each intern is integrated into a studio team for the summer, you will have the opportunity to come together weekly with your fellow interns to learn more about the firm and the industry.

Lionakis is a multi-discipline, multi-market firm, offering you a unique and well-rounded view into the industry. In addition to learning about each market and discipline, you will be exposed to broader industry topics, such as lean construction and business development.

ACTIVITIES

- EP University Weekly Lecture Series
- Design Technology Training
- Visits to Project Construction Sites
- Sketch Walks of Local Architecture
- Team Building Activities

READY TO APPLY?

Use the QR code or visit our Careers page at www.lionakis.com to apply for one of our available internships today!

2019 FIRM MENTORSHIP AWARD WINNER

LIONAKIS is honored to receive our second firm mentorship award from AIA CALIFORNIA'S ACADEMY of EMERGING PROFESSIONALS

"One of the main reasons I chose to spend my summer at Lionakis was their value in the personal growth of their employees becoming licensed architects and the effort everyone puts into the Emerging Professionals Program that interns also get to participate in. While you may be working in one specific studio, you have the opportunity to learn about all the markets and determine where your own interests are."

– Harjot Sidhu, Returning Student Intern, Civic Studio
